

Vivid Life Sciences brings the innovative technology of the original systemic fungicide to landscapers and turf managers with one of the first EPA approved potassium phosphite products registered in the USA. AgriFOS® is also available as AgriFOS+™ with more active ingredients, making it the most concentrated liquid product on the market.

### Quick Facts:

- AgriFOS+ Systemic Fungicide is the newest, most concentrated liquid potassium phosphite in the USA
- Over 15 years of trusted experience in the United States and over 30 years worldwide
- Potassium-based phosphite for greater plant uptake
- Systemic action provides complete translocation of active ingredient throughout the plant because of advanced phosphite formulation techniques

The advanced formulation of AgriFOS delivers complete translocation of active ingredients throughout the plant. It protects warm- and cool-season grasses against diseases such as Phytophthora, Pythium, Anthracnose, Rhizoctonia, downy and powdery mildew.

Turf and landscape managers interested in using less water, making fewer passes and decreasing environmental waste can choose AgriFOS+ Systemic Fungicide. This concentrated liquid version of the original AgriFOS provides even more efficient broad-spectrum control of turf diseases.

**Vivid Life Sciences is proud to offer an advanced portfolio of turf products with proven performance to turf and ornamental professionals. With a focus on plant physiology, our solutions efficiently control diseases, provide nutrition and deliver bright ideas for optimal performance.**

SYSTEMIC FUNGICIDE

## Disease Control:

Product	Disease	Application Method	Rate	Application Program
<b>AgriFOS+™</b>	Pythium spp.	Foliar	3.25-6.5 fl. oz. per 1000 sq. ft.	Apply indicated quantity of product in 1-2 gal. of water per 1,000 sq ft. Ensure foliage is thoroughly wet. Apply every 14-21 days. Repeat as required.
<b>AgriFOS+</b>	Anthracnose spp.* Rhizoctonia*	Foliar	3.25-6.5 fl. oz. in 2 gal. of water per 1000 sq. ft.	Apply prior to onset of disease. Apply every 7-14 days.

*\*NOT for use in California*
